

Chris Poole

Over the last several years I have enjoyed supporting the Leadership Team and Governing Body as Co-opted Governor with school Health & Safety and building related matters including the transition with Greensand Multi-Academy Trust.

I work as a Programme Manager in the Infrastructure sector and bring strategic and commercial skills into the role as required. I currently have two children at the school.

I believe in the importance of education and child development the confidence and early year's interaction is a critical foundation for their futures.
